- (d) various other matters consequential or otherwise integrally connected therewith.

In respect of Amalgamation of Amalgamating Company 1 into and with the Amalgamated Company

- 3.3. Upon the Scheme becoming effective and in consideration of the transfer and vesting of all assets and liabilities of the Amalgamating Company 1 into and with JKLC as the Amalgamated Company in terms of Part III of the Scheme, the Amalgamated Company shall issue and allot Consideration Shares (*as defined in the Scheme*) of INR 5 (Indian Rupee five) each, credited as fully paid-up equity shares to each of the Eligible Shareholders (*as defined in the Scheme*) of the Amalgamating Company 1 (i.e., to each shareholder of the Amalgamating Company 1, except the Amalgamated Company) in accordance with the Share Swap Ratio of 4:100 set out in the joint Valuation Report:

“for 100 equity shares of face and paid-up value of INR 4 (Indian Rupees four) each held in the Amalgamating Company 1, 4 equity share of face and paid-up value of INR 5 (Indian Rupees five) each in the Amalgamated Company”

- 3.4. The issuance of Consideration Shares of the Amalgamated Company to the Eligible Shareholders of the Amalgamating Company 1 (except the Amalgamated Company to the extent of its shareholding in the Amalgamating Company 1) in accordance with paragraph 3.3 above, in consideration of the Amalgamation of Amalgamating Company 1 into and with JKLC as the Amalgamated Company, will be undertaken simultaneously following effectiveness of the Scheme. Since no company can hold its own shares, the Amalgamated Company shall not be issued any shares by the Amalgamated Company on account of its shareholding in the Amalgamating Company 1. Upon the Scheme becoming effective, the investment appearing in the books of JKLC / the Amalgamated Company in the form of Equity Shares and Preference Shares held in the Amalgamating Company 1 (prior to the effectiveness of the Scheme), shall, without any further act or deed, stand cancelled.
- 3.5. On the Effective Date (*as defined in the Scheme*), the Scheme shall be made effective and operative. Upon the Effective Date, the Amalgamating Company 1 shall, without any further act or deed, stand dissolved without being wound up, in accordance with the Act and the name of the Amalgamating Company 1 shall be struck off the register of companies maintained by the Registrar of Companies. Consequently, upon the Effective Date, the investments in the equity Share Capital of the Amalgamating Company 1 appearing in the books of accounts of its shareholders and their nominees shall stand cancelled.

4. **Need and Rationale of the Scheme and Synergies of the Scheme Entities involved therein** – the Committee of Independent Directors of the Company noted the potential synergies on account of the Scheme along with the rationale and the benefits of the Scheme which, *inter alia*, are stated hereinafter.

4.1. JKLC is primarily engaged in the business of, inter alia, manufacturing, selling and trading of (a) Clinker and Cement, with manufacturing facilities located in the States of Rajasthan, Chhattisgarh, Gujarat, Haryana and Odisha; and (b) other Cementitious products like Ready Mix Concrete (RMC), Fly Ash Blocks, Plaster of Paris (POP), White Cement and Putty etc., with manufacturing facilities located in the States of Rajasthan, Chhattisgarh, Gujarat, Haryana, Uttar Pradesh and Punjab.

4.2. The Amalgamating Companies are primarily engaged in businesses and/or have objects similar to that of JKLC. Hence, Amalgamation of the Amalgamating Companies, into and with JKLC as the Amalgamated Company shall provide an opportunity to the Scheme Entities to better consolidate their assets and to utilize the same more efficiently, which will be in the interest of all stakeholders of all four Scheme Entities.

4.3. The Amalgamating Company 1, in addition to being in the same business as that of the Amalgamated Company, has a strong network of cement dealers spread inter alia in Rajasthan, Madhya Pradesh, Maharashtra and Gujarat. Hence, Amalgamation of the Amalgamating Company 1 into and with the Amalgamated Company is expected to result in enhanced growth, competitiveness and sustainability of the combined entity in the industry. Also, it will streamline the corporate organizational structure by reducing the number of layers of legal entities and will in turn assist the shareholders and investors in better understanding and evaluating the structure and strength of the operations of the combines business/operations.

4.4. The Amalgamating Company 2, a wholly owned subsidiary of JKLC, inter alia, has been declared as preferred bidder (based on the credentials and net worth of JKLC) for one of the Limestone Block 4GIIA located at District Nagaur, Rajasthan, by Directorate of Mines & Geology Department, Udaipur. Such Limestone mines were supposed to be transferred by the Amalgamating Company 2 to JKLC in future, after obtaining necessary approvals in this regard. Amalgamation of the Amalgamating Company 2 into and with JKLC in terms of this Scheme, would facilitate such transfer of Limestone mines from the Amalgamating Company 2 to JKLC more efficiently.

- 4.5. The Amalgamating Company 3, also a wholly owned subsidiary of JKLC, inter alia, owns a non-agriculture industrial plot located at Surat adjacent to the grinding unit of JKLC. JKLC is presently doubling the cement capacity at its Surat Grinding Unit from 1.35 Million Tonnes per annum to 2.7 Million Tonnes per annum. It is proposed that if the two companies (JKLC and the Amalgamating Company 3) amalgamate or merge together, the said non-agriculture industrial plot owned by Amalgamating Company 3, shall be more beneficially used by JKLC for its expansion at Surat Grinding Unit. Accordingly, it is proposed in this Scheme that the Amalgamating Company 3 amalgamates into and with JKLC / the Amalgamated Company.
- 4.6. This composite Scheme of Amalgamation and Arrangement will result in consolidating and improving the internal systems, procedures and controls and will also bring greater management and operational efficiency due to integration of various similar functions presently being carried out in each individual entity within the group leading to a more efficient organization.
- 4.7. The proposed Scheme shall also simplify the group structure and make it more commercially meaningful to have one combined entity focused in the business of cement and cement products.
- 4.8. Presently, the cement business is fragmented in four (4) entities i.e., JKLC and the Amalgamating Companies. The Scheme shall be in the interest of the shareholders of the two(2) listed entities, i.e., JKLC and UCWL, as it proposes to consolidate all the cement companies into a single business focused entity resulting optimum market multiple valuation (as opposed to discounted multiple with fragmented capacities). The Scheme would, inter alia, result in the following benefits for the Scheme Entities:
- (i) enable value unlocking for the shareholders of all the Scheme Entities and shall also enhance the potential for growth of the overall business by effectively utilizing the synergies resulting out of the Amalgamation;
 - (ii) provide opportunity for reduction of operational costs through synergies from sales and production planning across the business and better order load;
 - (iii) reduce inventory, improve vendor/customer management, and better monitoring of receivables and of age profile of creditors, resulting in release of working capital from the Amalgamated Company. Further, efficiency in debt and cash management will improve, enabling the Amalgamated Company to have unfettered access to cash flows generated which can be utilized for growth and sustenance;
 - (iv) dedicated management approach and focus on the business, creating opportunities for pursuing independent growth and expansion strategies, and efficient capital allocation;

- (v) consolidation of the Amalgamating Companies into and with the Amalgamated Company would also lead to synergies in manufacturing and distribution process, operational process, logistic alignment, better utilisation of human resources, elimination of duplication of work and related party transactions, rationalization and reduction of compliance requirements and financial exposure by avoidance of corporate guarantees for financial assistance for subsidiaries and further development and growth of businesses, leading to economies of scale and creation of efficiency by reducing time to market and benefiting customers;
- (vi) streamlining the group structure, rationalization of multiplicity of entities, thereby reducing compliance cost of multiple entities viz., statutory filings, regulatory compliances, labour law/ establishment related compliances;
- (vii) easier to address the needs of customers by providing them uniform product and service experience, on time supplies, and improved service levels thereby improving customer satisfaction; and
- (viii) necessary consolidation of all assets related to the cement business including fragmented capacities currently housed under different Scheme Entities, into and with the Amalgamated Company which will also enhance the financial health with higher growth, margin, expansion and increased cashflows which will provide further support for organic growth opportunities and result in the formation of a larger, more profitable and broader company, having greater capacity to raise and access funds for growth and expansion of the business.

4.9. Accordingly, the Scheme Entities believe that this Scheme is in their best interests and in the best interest of their respective shareholders, creditors, employees, and other stakeholders, as it is expected to provide greater financial strength, attract investors and provide flexibility and better access of funds as result of the Scheme.

5. Scheme not detrimental to the interests of the shareholders of the Company.

5.1. The Scheme is expected to be beneficial to the shareholders of the Company as it is expected to provide greater financial strength and flexibility and better access to funds to the Scheme Entities.

The members of the Committee of Independent Directors of the Company discussed and deliberated upon the rationale and salient features of the Scheme. The Committee also noted that upon the Scheme becoming effective, pursuant to the Amalgamation of Amalgamating Company 1 into and with JKLC as the Amalgamated Company and in consideration for such Amalgamation in terms of Part III of the Scheme, the Amalgamated Company will issue and allot Consideration Shares as equity shares of INR 5 (Indian Rupee five) each, fully paid-up to the Eligible Shareholders (as defined

in the Scheme) of Amalgamating Company 1 (except to the Amalgamated Company) in accordance with the fair value Share Swap Ratio recommended under the joint Valuation Report in the following manner:

4 fully paid-up equity share of JKLC having a face value of INR 5 (Indian Rupee five) each shall be issued and allotted to the Eligible Shareholders of the Amalgamating Company 1 (except JKLC / the Amalgamated Company, to the extent of its shareholding in the Amalgamating Company 1) for every 100 equity share of the Amalgamating Company 1 having a face value of INR 4 (Indian Rupee four) each; as on the Record Date (as may be determined in terms of the Scheme and the Act), upon the Scheme becoming effective.

- 5.2. The Scheme shall be in the interest of the shareholders of both the listed entities, i.e., JKLC and the Amalgamating Company 1, as it proposes to consolidate all the cement companies into a single business focused entity resulting optimum market multiple valuation (as opposed to discounted multiple with fragmented capacities).
- 5.3. Accordingly, there will be no detrimental impact on the shareholders of the Amalgamating Company 1 due to the proposed Scheme.
- 5.4. Thus, on the basis of the above, the Committee is of the opinion that the proposed Scheme is in the best interests of the Company and its respective shareholders.

6. Recommendation of the Committee of Independent Directors

The Committee after due deliberations and due consideration of all the terms of the draft Scheme, the above rationale, the joint Valuation Report, Fairness Opinion and the specific information and other documents mentioned above including that the Scheme is in the best interests of the Company and its respective shareholders, recommends the draft Composite Scheme of Amalgamation and Arrangement for favourable consideration and approval by the board of directors of the Company, Stock Exchanges, SEBI and other appropriate authorities.
